

Getting Started - Tips & Tricks!

The **Whiskey, Wine & Chocolates** drawing will take place as follows.

- Each item donated will be designated with a playing card.
- A matching playing card will be concealed on a large game board/display.
- Each guest who purchases a "Draw" will then choose a random card from the players board, and will automatically win the corresponding prize.

We are asking you to secure **5** donations for this Game. Values should vary! This enhances the excitement of the game.

Here are a few suggestions to help you get started:

- Check your pantry! Have a bottle you were saving for a special occasion? This might be the occasion.
- Ask your friends & family if they would like to make a donation. Even if they offer a cash donation, you (or we) can use the cash donation to buy a nice bottle or box from a local retailer.
- Going out to dinner? Ask your favorite restaurant if they would be willing to offer a bottle (or two).
- Visit a local winery near you. Make a day of it, and visit several local wineries in your community.
- Visit your favorite chocolatier! Pick up something sweet for yourself while you are requesting donations.
- TIP: Always keep your forms handy, because you never know when an opportunity will present itself!
